Track E3 - Call for Papers on:

Model-Based Design for Embedded Systems

http://date-conference.com/date09cfp.pdf

The 12th DATE conference and exhibition is the main European event bringing together designers and design automation users, researchers and vendors, as well as specialists in the hardware and software design, test and manufacturing of electronic circuits and systems. It puts strong emphasis on ICs/SoCs, reconfigurable hardware and embedded systems, including embedded software.

TOPIC AREA FOR SUBMISSIONS

Model-based methods for:
- component-oriented design
- testing
- system verification
- software/system integration and deployment
Domain specific modeling languages
- metamodeling
Semantic foundation for composition of domain specific tool chains

PROGRAM COMMITTEE

Ed Brinksma
ed.brinksma@esi.nl
Embedded Systems

Pieter J. Mosterman
pieter.mosterman@mathworks.com

Stephen A. Edwards, Columbia University
Holger Hermanns, Saarland University
Christoph Kirsch, University of Salzburg
Stefan Kowalewski, RWTH Aachen University
Kim Larsen, Aalborg University
Jonathan Sprinkle, The University of Arizona

SUBMISSION INSTRUCTIONS

Submissions should not exceed 6 pages in length for oral presentation papers and 4 pages in length for interactive presentation (IP) papers, and should be formatted as close as possible to the final format: A4 or letter sheets, double column, single spaced, Times or equivalent font of minimum 10pt (templates are available for your convenience). To permit blind review, submissions should not include the author names. Any submission not in line with the above rules will be discarded.

Submission deadline: September 7, 2008
Notification of acceptance: November 17, 2008
Final version due: December 12, 2008
